PNY Technologies has announced the launch of the new Attaché Optima, the latest member of the Attaché Capless concept range.

The Attaché Optima which is enhanced for Windows ReadyBoost is an alternative to the expensive flash drives currently on the market. With an average writing speed of 10MB/s, the little drive should deliver some solid performance with an affordable price to match.

The Attaché OPTIMA is available in two capacities 4GB and 8GB and comes with the full version of the Carry It Easy software.

Also you get 128 bit AES encryption whilst synchronising your internet favourites, data and mail box, all new functionalities included for free in the Attaché OPTIMA!

Recommended selling price:

Attaché OPTIMA 4GB: £28.99 (vat incl.)

Attaché OPTIMA 8GB: £57.99(vat incl.)
